PROGRAM (draft)
Friday, September 24, 2021

**AM SESSION – Glaucoma Evaluation and Management in Eyes with Coexistent Ocular Diseases
and Intraocular Surgery**

Moderator: Sarwat Salim, MD, FACS
PC Coordinator: Angela Turalba, MD

Program objectives:

1. Review the incidence and risk factors associated with glaucoma after corneal transplant surgery
2. Identify various mechanisms of glaucoma after vitreoretinal surgery
3. Review IOL choices for glaucoma patients undergoing cataract surgery
4. Recognize and effectively manage ocular surface disease in glaucoma patients
5. Outline a stepwise approach to managing uveitis while controlling underlying glaucoma
6. Highlight the importance of a patient centered individualized approach to glaucoma care
7. Summarize the importance of trabeculectomy and why this procedure will continue to remain an important part of glaucoma care

8:00 am Registration/Exhibits

8:30	Introduction.....	Sarwat Salim, MD, FACS
8:35	Patient with Ocular Surface Disease.....	Laura Voicu, MD
8:45	Patient with Cataract (IOL Selection).....	Eric Steffen, MD
8:55	Introduction of Guest of Honor.....	Sarwat Salim, MD, FACS
9:00	Millennial Glaucoma Care.....	Kuldev Singh, MD, MPH
9:30	Patient with Corneal Pathology.....	Lucy Shen, MD
9:40	Patient with Uveitis.....	Rebecca Hunter, MD
9:50	NEOS Business Meeting	
10:00	Refreshments (break) / Exhibits	
10:30	Patient with Retinal Pathology.....	Geoffrey Emerick, MD
10:40	Why Trabeculectomy Must Survive in the Era of MIGS.....	Kuldev Singh, MD
11:10	Panel Discussion / Q&A.....	Moderator: Sarwat Salim, MD, FACS

Panelists:

Geoffrey Emerick, MD	Kuldev Singh, MD, MPH
Rebecca Hunter, MD	Eric Steffen, MD
Lucy Shen, MD	Laura Voicu, MD

12:00 Lunch break (lunch will be provided for all attendees)

PROGRAM (draft)
Friday, September 24, 2021

PM SESSION – Hot Topics in Pediatric Ophthalmology:
“How do I Counsel my Patient for These Common Scenarios?”

Moderator: Eric Gaier, MD, PhD
PC Coordinator: Gena Heidary, MD, PhD

Program Objectives:

1. Updating clinicians on the most commonly asked-about topics in pediatric ophthalmology
2. Reviewing and analyzing updated evidence supporting best practices on these topics
3. Exploring the horizon in pediatric ophthalmic care

1:00 pm	Introduction.....	Eric Gaier, MD, PhD
1:05	New Therapies for Amblyopia.....	Vicki Chen, MD
1:15	Atropine for Myopia Progression.....	Melissa Wong, MD
1:25	Blue Light Filtering Glasses for Screens	Jennifer Galvin, MD
1:35	Tele-ophthalmology.....	Ben Jastrzembski, MD
1:45	Ophthalmic Care of Children with Dyslexia	Aparna Raghuram, OD, PhD
1:55	Impact of Traumatic Brain Injury on Vision	Ankoor Shah, MD, PhD
2:05	Refreshments (break) / Exhibits	
2:35	Cerebral Visual Impairment	Lotfi Merabet, OD, PhD
2:45	Pediatric Low Vision.....	Wendy Chen, MD, PhD
2:55	Introduction of Guest of Honor.....	Eric Gaier, MD, PhD
3:00	Guest of Honor Presentation	Michael Chiang, MD
3:45	Panel Discussion.....	Moderator: Eric Gaier, MD, PhD

Panelists:

Vicki Chen, MD	Lotfi Merabet, OD, PhD
Wendy Chen, MD, PhD	Aparna Raghuram, OD, PhD
Michael Chiang, MD	Ankoor Shah, MD, PhD
Jennifer Galvin, MD	Melissa Wong, MD
Ben Jastrzembski, MD
